19th March 2020

Dear Parents and Carers,

You will be aware that it was announced last night that all schools, nurseries and colleges will be closed as of Monday, 24th March until further notice.

Each child has a pack with work to complete and information about educational websites they can access. Further work will be e-mailed out in due course. If you have any queries regarding work, you can e-mail the school and we will pass these on to the teachers.

The school will be opening with a skeleton staff to offer child care for vulnerable children and the children of key workers while they are at work, where there is no adult at home to care for them. We know that this will apply to NHS staff, those working for the emergency services and food delivery drivers, but we are waiting to be informed who else will be included in this. We will offer the childcare on the days that key workers are at work.

Next week the childcare will be at Woodland, but at some point it might be pooled in one school in the area. As and when we know more about this, we will make sure that you are informed.

We understand that provision will be made for children who qualify for Free School Meals through pupil premium. Again, we will share information with you as it becomes available.

As now, if any member of the family develops a new cough or a temperature, the family must isolate themselves for 14 days.

Thank you again for your support in this unprecedented situation. We will keep you informed of any changes as we are made aware of them.

Kind regards,

Clare Carr
Headteacher
